

VOLUTIO**WHITE**

SHIRTS

- like a geometry made to measure -

soft yet edgy
fluid yet strong
handsome yet manly

VOLUTIO**WHITE**

VOLUTIO**WHITE**

is the new line by Volutio to follow the fashion cycle with a regular distinguished collection. This exclusive collection starts with a series of seven singular yet plain design shirts for men evolved from former shirts and geometrical elements to accompany the wearer with an elementary item that might exquisitely stand for itself and elaborate his appearance.

The Brand

VOLUTIO consists of three lines.

The core line VOLUTIO BY ANNA KLEIHUES, full collections on an irregular basis for individual order, **V** – stitched label, singular pieces and upon order; and the new shirt line VOLUTIO**WHITE**, to be launched. The brand VOLUTIO was introduced 2007 in Berlin with a pure menswear collection – since 2010 also incorporating pieces for women.

The Philosophy

Strolling through time with a passion for the body moving in space with an eloquent silhouette.

All collections are developed and the patterns are made in the Berlin studio. Individual and small fabrication is regional in Berlin, shirt production is in Germany and EU. The high quality is evident in the fine choice of fabrics: woollens/worsted from Great Britain, Austria and Germany; cottons have the Swiss Cotton Quality standard known for fine shirting of primarily high quality Egyptian fibres.

The Head

Anna Kleihues was born in Westphalia and grew up in Berlin, in a milieu of arts, architecture and nature. She graduated in physics in Zürich and Toulouse, Dipl.-Phys. ETHZ, and studied Fine Arts at Rhode Island School of Design and Kunstakademie Düsseldorf. 2007 she graduated with distinction from Akademie Mode+Design and founded her label VOLUTIO. 2008 she was nominated the Innovationspreis textil+mode and 2009 shown at LaboMode Galeries Lafayette. She also creates individual pieces and costumes on demand under her name. She lives and works in Berlin as fashion and costume designer inter alia for the choreographer Ben J. Riepe.
